

Maintenance Assistant

Bell 2 Lodge/Last Frontier Heliskiing is currently seeking an enthusiastic individual to fill a full-time, year-round position on our Maintenance Team. Bell 2 Lodge operates as Last Frontier Heli-Skiing during the winter season and as a hotel during the spring, summer and fall months.

Working as a Maintenance Member in a remote location requires troubleshooting on the spot and making crucial decisions in times of action. Reporting to the Maintenance Manager, the right candidate will be expected to maintain and repair the infrastructures of the lodge with a focus on mechanical and electrical skills. Day to day tasks can include a wide array of duties outside of the mechanical/electrical scope.

Skills [not all are required but recommended if you have a willingness to learn]:

- Team oriented and interested in expanding skill set
- Experience in one or more trades
- Experience with generators up to 180 kVA
- Experience operating basic power tools and heavy equipment
- Experience in landscaping and snow removal
- Experience in waste management
- Ability to repair and maintain motor vehicles and small engines
- Experience in small water systems and small wastewater systems
- Data collection skills
- Energetic and able to work in a team setting and individually
- Being physically fit and able to lift at least 50 lbs
- First aid certificate
- Flexibility and positive attitude

Accommodation and meals are provided for all employees. Shifts are three weeks on and one week off working ten-hour days. Transfers to and from Terrace on weeks out are available. Given our remote location all communications are via-satellite phone and 3 hours of basic internet is provided. With its proximity to the mountains, lakes and rivers, Bell 2 Lodge is an exciting place for outdoor enthusiasts throughout the entire year. If you have a passion for the outdoors, happy to put a smile on people's faces and contribute positively to a team we look forward to hearing from you.
